Professional Summary

Final-year Mathematics student at Institut Teknologi Sepuluh Nopember (ITS) with hands-on experience building and deploying full-stack software products across education, reporting, GIS, and health-tech domains. Strong in TypeScript, Next.js, Laravel, PHP, SQL, REST API development, authentication, admin dashboards, and production deployment. Built real-world systems for student organizations, schools, research initiatives, and freelance clients, with a practical approach to turning requirements into maintainable software.

Education

Bachelor of Mathematics *2022 – Present*
Institut Teknologi Sepuluh Nopember (ITS), Surabaya
GPA: 3.36 / 4.00 | Focus: Computational Mathematics and Informatics | Thesis: Improved data warehouse query performance using a PROADAPT-based memory-aware partitioning mechanism on PostgreSQL and TimescaleDB for 50M+ row time-series data

Relevant Experience

Founder & Lead Developer *2026 – Present*
NechCode — Freelance Digital Agency
Founded and operate a freelance digital agency delivering web applications for UMKM and academic or research clients. Handle requirements gathering, architecture, development, database design, deployment, and iteration across products such as Nestbloom, Premom, Thyva, Soulmom, and Real Keke.

Programming and Web Development Instructor *Jan 2025 – Present*
Timedoor Academy
Teach programming fundamentals, algorithmic thinking, and introductory web development. Prepare lesson materials and guide students through logic building, debugging, and project-based practice.

Assistant Laboratory Coordinator *2024 – Dec 2025*
ITS Mathematics Department
Support programming and visual computing practicum activities, guide junior students in algorithm design and debugging, and help maintain practicum materials.

Full-Stack Developer Intern *May 2025*
SMA IT Al Uswah Surabaya
Developed and delivered a Laravel-based attendance system, covering requirement gathering, database design, implementation, and user acceptance testing with school staff.

Selected Projects

erapor — Automated Reporting System *2025*
Full-Stack Developer | Next.js, TypeScript, MongoDB, NextAuth, PDF / Excel export
Developed a reporting platform for HIMATIKA with role-based dashboards, user management, and automated report generation. Improved internal reporting workflows through centralized data access and export features.
View Repository / Demo

ELKPD — Gamified Learning Platform *2025 – 2026*
Full-Stack Developer | Next.js, TypeScript, MongoDB, Tailwind CSS
Built a production-ready learning platform for a real client with teacher dashboards, structured assessments, progress tracking, and data management. Combined product delivery, deployment, and iteration for a live educational workflow.
View Repository / Demo

patahero_api — REST API Backend for Mobile App *2026*
Backend Developer | Laravel 12, PHP 8.2, MySQL, Sanctum
Built a RESTful backend for a mobile first-aid application, including structured endpoints, token-based authentication, user profile management, and image upload handling.
View Repository / Demo

keke-pwa — Safety Incident Reporting Platform *2026*
Full-Stack Developer | Next.js, TypeScript, Firebase, Cloudinary, PWA
Built a mobile-first reporting system with status tracking, comment threads, push notifications, and admin communication workflows. Strengthened experience in operational software and real-use reporting flows.
View Repository / Demo

Technical Skills

Languages:	PHP, JavaScript, TypeScript, SQL, HTML, CSS
Frameworks:	Laravel, Next.js, React, Blade, Alpine.js, Tailwind CSS, Bootstrap
Databases:	MySQL, PostgreSQL, TimescaleDB, MongoDB, Microsoft SQL Server, Firebase Firestore, Appwrite
API & Auth:	REST API design, Laravel Sanctum, Laravel Breeze, NextAuth.js, Iron Session, Google OAuth
Tools & Cloud:	Git, GitHub, Composer, npm, Vite, Vercel, Cloudinary, Vercel Blob, Google Sheets API
Core Strengths:	Full-stack application development, database modeling, admin dashboards, debugging, deployment, technical documentation, analytical problem-solving

Leadership & Activities

1st Vice Head *Feb 2025 – Present*
HIMATIKA ITS
Support organizational operations and staff coordination for a 100+ member student organization, including workflow improvement and internal reporting support.

Campus Hiring Engagement *Apr 2026*
Bursa Karir ITS 46 — Huawei career session and job fair
Participated in the ITS job fair and followed Huawei campus hiring activities as part of career preparation for entry-level technology roles.
