## Professional Summary

Final-year Mathematics student at ITS based in Surabaya with hands-on experience building backend and full-stack web applications using Laravel, PHP, MySQL, SQL, and REST APIs. Strong in database modeling, authentication, CRUD systems, admin dashboards, debugging, and deployment. Delivered real systems for education, reporting, GIS, and health-tech use cases, and comfortable collaborating across backend and frontend implementation when needed.

## Professional Experience

**Freelance Web and Mobile Apps Developer** *2026 – Present*
*Independent Client and Research Projects*
Deliver client-facing web applications and backend services for mobile-supported workflows, covering requirements analysis, database design, Laravel or PHP implementation, API development, deployment, debugging, and post-release iteration.

**Programming and Web Development Instructor** *Jan 2025 – Present*
*Timedoor Academy*
Teach programming fundamentals, web development basics, and debugging practice through structured, project-based learning.

**Assistant Laboratory Coordinator** *2024 – Dec 2025*
*ITS Mathematics Department*
Support programming and visual computing practicum activities, including mentoring junior students in algorithm design, debugging, and software fundamentals.

**Fullstack Developer Intern** *May 2025*
*SMA IT Al Uswah Surabaya*
Developed and delivered a Laravel-based attendance system, from requirement gathering and database design through implementation and user testing.

## Selected Projects

**patahero_api — REST API Backend for Mobile App** *2026*
*Backend Developer | Laravel 12, PHP 8.2, MySQL, Sanctum*
Built a RESTful backend for a mobile first-aid application, including authenticated endpoints, user profile management, structured treatment resources, and image upload handling.
View Repository / Demo

**SIPerpustakaan — Library Management System** *2025*
*Fullstack Developer | Laravel 12, PHP 8.2, MySQL, Blade, Tailwind CSS*
Developed a web system for books, students, lending, overdue fine calculation, and analytics, with strong focus on relational database design, business rules, and maintainable CRUD workflows.
View Repository / Demo

**sina — Children's Storybook Platform** *2025*
*Fullstack Developer | Laravel 12, PHP 8.2, MySQL, Tailwind CSS, Alpine.js, Cloudinary*
Built a responsive content platform with reading progress tracking, role-based access control, media management, and admin CMS, covering backend logic through production deployment.
View Repository / Demo

**HISurabaya — GIS Hotel Information System** *2025*
*Fullstack Developer | Laravel 12, PHP 8.2, SQL Server, Leaflet, Turf.js*
Built a GIS-based hotel information system with point, route, and area search modes, showing ability to handle non-trivial data flows beyond standard CRUD applications.
View Repository / Demo

## Education

**Bachelor of Mathematics** *2022 – Present*

*Institut Teknologi Sepuluh Nopember (ITS), Surabaya*

GPA: 3.36 / 4.00 | Focus: Computational Mathematics and Informatics | Thesis on PostgreSQL and TimescaleDB query performance optimization for 50M+ row time-series data

## Technical Skills

| | |
|---|---|
| **Languages:** | PHP, JavaScript, TypeScript, SQL, HTML, CSS |
| **Backend:** | Laravel, REST API development, authentication and authorization, Eloquent ORM, CRUD systems, admin dashboards |
| **Databases:** | MySQL, PostgreSQL, TimescaleDB, Microsoft SQL Server, MongoDB, Firebase Firestore, Appwrite |
| **Frontend:** | Blade, Tailwind CSS, Alpine.js, Next.js, React, Bootstrap |
| **Tools:** | Git, GitHub, Composer, npm, Vite, Postman, Vercel, Cloudinary |
| **Other Strengths:** | Database modeling, debugging, API documentation, deployment, responsive UI implementation, independent project delivery |

## Additional Information

| | |
|---|---|
| **Domicile:** | Surabaya |
| **Language:** | Indonesian (native), English (professional working proficiency for technical reading and writing) |
